

# PREVAIL

Hero of the Month!

**April 2020**

**Kellie Cajas!**

In recognition of Sexual Assault Awareness Month, it is Prevail's privilege to announce Prevail's Hero of the Month is Kellie Cajas, sexual assault nurse examiner (SANE) at St. Vincent Hospital Indianapolis.

A Prevail Hero is someone that goes above and beyond in service of individuals impacted by crime and abuse in our community. As a SANE, Kellie provides compassionate care to people who are seeking medical services after a physical or sexual assault. Kellie is thorough when providing options that are available to each person. She honors everyone's story without judgement and ensures that people are seen, heard, and cared for. She is clear about each step of the exam process and makes sure she follows the lead of the person she is helping.

Kellie seeks collaboration with advocates, and it is clear she values teamwork. Even in the toughest situations, her smile and optimism shine through. Working alongside of Kellie is an absolute joy. Please join me in congratulating Kellie Cajas as Prevail's Hero of the Month for April!

**Thank you Kellie! You are our HERO!**
